EXPERIENCE

European University Institute

Incoming Assistant Professor of Economics

Florence, Italy

Starting 09.2026

European Central Bank, DG Monetary Policy

External Consultant

PhD Trainee

Frankfurt, Germany

10.2024 – 04.2026

06.2024 – 09.2024

- Lead a research project estimating the macroeconomic effects of interest-rate policy, forward guidance, and quantitative easing using narrative restrictions, intraday financial data, and Bayesian factor models.
- Produced decompositions of yield and equity-price movements around Governing Council announcements and translated the results into policy notes for the ECB Chief Economist.
- Developed Bayesian vector autoregression and dynamic factor models with stochastic volatility and shrinkage to forecast euro-area macroeconomic variables.
- Built datasets and empirical pipelines combining more than 1,000 ECB communications, Bloomberg Terminal data, web scraping, and natural-language processing.

London Economics

Economic Analyst

London, United Kingdom

01.2019 – 06.2020

- Contributed economic and valuation analysis supporting the privatisation of five state-owned Omani electricity transmission and distribution companies within a multidisciplinary transaction-advisory team.
- Assessed electricity-tariff reform scenarios in Oman by estimating impacts on energy demand and subsidy requirements using consumer-level billing data, penalised regression, and spatial analysis in R.
- Analysed survey data from UK exporters and importers to assess non-tariff barriers affecting trade with the United States, Australia, and New Zealand.
- Estimated the price effects of alleged collusion between a major beverage producer and Portuguese retailers using panel-data methods in Stata and R.
- Developed decision-support models for public clients, including Monte Carlo cost-benefit analysis of UK space-launch funding for the UK Space Agency and long-term projections of Welsh healthcare expenditure.

University College London

Postgraduate Teaching Assistant

London, United Kingdom

09.2020 – Present

EDUCATION

MPhil/PhD in Economics, University College London

2020 – 2026

- Job Market Paper: *The Macroeconomic Effects of Mergers and Acquisitions in the United States*.
- *Antitrust, Market Power, and US Macroeconomic Outcomes* (with Morten O. Ravn).
- *Monetary Policy Identification and Transmission: A Narrative High-Frequency Approach* (with Adriana Grasso).
